Sir:

The Examiner's attention is directed to the references that are listed on the attached Form PTO/SB/08A. Citation of these references is respectfully requested. No concession is made that these documents are prior art, and Applicants expressly reserve the right to antedate the documents as may be appropriate.

Applicants confirm that no corresponding English patent or publication exists for any of the foreign patent references listed on the attached Form PTO/SB/08A, and that Applicants do not possess English translations thereof. Therefore, in order to provide concise explanations of relevance, Applicants submit herewith English language abstracts prepared by the European Patent Office for the following references: French Patent No. FR 2 695 081, German Patent No. DE 199 36 099, and German Patent No. DE 197 32 672. Further, as the EPO has not prepared an English abstract of German Patent No. 643 515, Applicants have prepared, and submit herewith, an English language summary of this reference to serve as a concise explanation of the relevance thereof.

Applicants wish to inform the Examiner that French Patent No. FR 2 695 081 was cited in the Search Report for corresponding European Patent Application No. 03 015 867 as an "X" reference. The European Examiner identified page 13, second paragraph, claims 13-15, and Figure 15 as all being relevant to claim 1 of the European patent application. Further, German Patent Nos. DE 199 36 099, DE 197 32 672, and 643 515 were each cited in a Search Report prepared by the German Patent Office for German Utility Model Application No. 202 10 763.9, upon which the present application claims priority. Each of these German references was identified as a "Y" reference with respect to claim 1 of the German utility model application. However, the German Patent Examiner did not identify specific portions of any of the three German patents as being particularly relevant.

Please charge Deposit Account No. 13-3080 with the \$180.00 fee required under 37 CFR §1.17(p) for submission of the present Information Disclosure Statement. A duplicate copy of this sheet is enclosed.

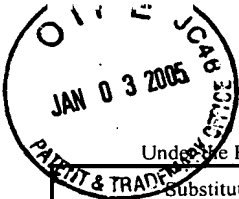

Respectfully submitted,
